Boost performance and tighten security with Complete IT Services

Left unmonitored, your network and computers will inevitably fail, leaving employees idle and impacting your ability to do business – costing thousands through the loss of productivity, revenue, or image.

With “Complete IT” from **SRJ Technologies**, we can take corrective action before the problem occurs, or before you even notice it.

Today’s Business Environment

Your business depends on your network’s availability, performance, and security - and your software is business-critical.

The five most common frustrations:

- E-mail/Work Order delivery systems down
- Client database unavailable
- Spyware and unauthorized access issues
- Banned software (games and file-sharing) monopolizing resources
- Predictable hardware failures

“ **Complete IT**” from **SRJ Technologies** provides an affordable solution to these problems.

What is “Complete IT”?

IT Insurance means that **SRJ Technologies** is continuously monitoring the health of your infrastructure – and managing growth – by providing:

- ✓ Scheduled site/device reporting – a bird’s eye view into the real performance of your IT infrastructure
- ✓ A perspective into what equipment and software has been installed, and where current or new system resources can be best allocated
- ✓ The ability to forecast failures before they occur, such as a critical server running out of hard drive space

Key Benefits

- Significant decrease in downtime
- Improved network and hardware performance
- Fewer ‘growing pains’ via network capacity management
- Lower costs and increased efficiency via resource reallocation
- Protection against security breaches
- Visits from **SRJ Technologies** are more productive and less intrusive
- Increased employee productivity by automating routine administrative functions

Our proactive approach to managing computer networks will free-up capital that you can spend on GROWING your business, not fixing it.

For a network that will grow with your business, call **SRJ Technologies today.**
